City Council On-Call Planning Contracts

DATE: January 7, 2008

CC: All Councilors

In the 2008 Fiscal Year, the City Council has appropriated funds to Council Services for the development of certain planning, design, and transportation plans. In order to carry out this charge, the City Council issued an RFP to select consultants with very high quality skills and exceptional experience related to land use planning and design, transportation planning, market research, and graphic modeling and visualization.

The deadline for submission of proposals in response to that RFP was 4:00 p.m. Tuesday, December 4, 2007, and the City received 11 responses. The ad hoc evaluation committee evaluated those proposals in accordance with the criteria published in the RFP and recommends that the City Council retain the following group of firms on an on-call basis:

Dover Kohl	Community by Design
Placemakers	Glatting Jackson
Kimley Horn	Design Workshop
Strata	

The selected consultants will be asked to enter into an on-call contractual relationship with City Council Services to help carry out the planning priorities and directives of the City Council. I respectfully request approval of the selection of the above listed consultants.
